

WOODLAWN CEMETERY PLOTS

A plot is an interment location within the cemetery for which you are given burial rights. At Woodlawn Cemetery, we have various sizes of plots to provide a proper resting place for your loved one.

The memorialization allowed is a monument, a flat stone, or a pillow stone, depending upon the location and size of the plot in the cemetery. These are ordered from your choice of monument maker, but the foundation for the stone is made by Woodlawn Cemetery, upon notification by the monument dealer.

Please refer to our by-laws for further information regarding memorialization and decoration.
